The Procuring entity's request for clarification and the response shall be in writing. All requests for clarification and responses shall be copied to all Tenderers for information purposes. (a) affects in a substantial way, the scope or quality of the Goods or services or the performance of the works to be procured;

31.3 Provided that a Tender is substantially compliant and responsive, the Procuring entity shall rectify nonmaterial nonconformities or omissions. To this effect, the Tender price shall be adjusted, for comparison purposes only, to reflect the price of the missing or non-conforming item or component. The cost of any missing items will be added to the Tender price using the highest price from other Tenders submitted.

31.4 Provided that the Tender is substantially compliant and responsive, the Procuring entity shall correct arithmetic errors on the following basis:

(a) if there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected, unless in the opinion of the Procuring entity there is an obvious misplacement of the decimal point in the unit price, in which case the total price as quoted shall govern and the unit price shall be corrected;

(b) if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail, and the total shall be corrected; and

(c) if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to (a) and (b) above.

36.2 To financially evaluate a Tender, the Procuring entity shall only use the criteria and methodologies defined in this Clause and in Section 3, Evaluation Methodology and Criteria. No other criteria or methodology shall be permitted.

36.3 The Procuring entity's financial evaluation of Tenders may require the consideration of factors other than costs, in addition to the Tender price quoted in accordance with ITT Clause 14. These factors may be related to the characteristics, performance, and terms and conditions of purchase of the Goods and Related Services. The factors selected, if any, shall be expressed in monetary terms to facilitate comparison of Tenders, unless otherwise specified in Section 3, Evaluation Methodology and Criteria. i) If the Tender price is abnormally high based on wrong estimated cost of the contract, the Procuring Entity may accept or not accept the proposal depending on the Procuring Entity's budget considerations.

ii) If specifications, scope of work and/or conditions of contract are contributory to the abnormally high proposal prices, the Procuring Entity shall reject all Tenders and may re-invite for Tenders for the contract based on revised estimates, specifications, scope of work and conditions of contract.

2.3 Each stage shall be evaluated on a pass/fail basis, except for the financial evaluation where evaluated prices shall be compared. Failure at any stage shall result in rejection of the Tender and the Tender shall not proceed to the next stage. Substantial responsiveness shall be considered a pass.

2.4 The best evaluated Tender shall be the Tender with the lowest evaluated price after financial evaluation, provided that the Tenderer remains eligible, compliant, substantially responsive, and qualified. Where the procurement is divided into lots, the evaluation and award recommendation shall be made lot-by-lot, unless the Tendering Document permits evaluation of a combination of lots and the application of conditional discounts.

2.5 Before award recommendation, the Procuring Entity may conduct post-qualification, due diligence, reference checks, or verification of documents to confirm that the lowest evaluated responsive Tenderer has the capacity, resources, stockholding arrangements, authorisations, and delivery capability required to perform the contract satisfactorily.
